Lucy Street, White Horses

On white horses let me ride away To my world of dreams so far away Let me run To the sun

To a world my heart can understand It's a warm and gentle wonder land Far away Stars away

Where the clouds are made of candyfloss As the day's born When the stars are gone We'll race to meet the dawn

So when I can only see the grey Of a sad and very lonely day That's when I Softly sigh On white horses Snowy white horses Let me ride away
