

Lukas Graham, Happy For You (feat. Hanin Dhiya)

Once you left I went to space
I don't recognize this place
Where are you
Where are you
Now I miss the smallest things
I'm not ready for this change
Where are you
Where are you

Can't help but Wonder

Are you ready
Are you ready
Are you ready now
Do you forgive me
Am I something you can talk about
I heard you're moving on and now
You got it figured out

well i am happy
i am happy
i am happy for you
are you really gonna tell me that you're better now
ain't it funny how we swore we couldn't live without
each other now you got another got it figured out
well i am happy
i am happy
i am happy for you
just wanna be happy too

love you hate you all the same
either way it takes up space
i had you /2x
haunted by the ghost of us
sorry now i've said too much
i had you /2x

Can't help but Wonder

Are you ready
Are you ready
Are you ready now
Do you forgive me
Am I something you can talk about
I heard you're moving on and now
You got it figured out

well i am happy
i am happy
i am happy for you
are you really gonna tell me that you're better now
ain't it funny how we swore we couldn't live without
each other now you got another got it figured out
well i am happy
i am happy
i am happy for you
just wanna be happy too
