

# Lulu Rouge, Sign Me Out (feat. Fanney Osk)

District lights above me  
I crawl? to hide  
My body's cold and frozen  
Don't pull my rope of fright  
I am alone here  
Feeling so out of sight  
No one can see me  
Cause my eyes stay up all night

I've changed my mind  
I don't want to come  
Sign me out of your game  
I've seen enough  
I don't want to come  
I'm not the one to blame

I've changed my plans  
I'm getting away  
Sign me out of your game  
Tried it all  
Don't want it no more  
Sign me out of this game

The noise surrounds me  
I'm fading away  
I'm starting all over  
Again and again  
/2x

I've changed my mind  
I don't want to come  
Sign me out of your game  
I've seen enough  
I don't want to come  
I'm not the one to blame

I've changed my plans  
I'm getting away  
Sign me out of your game  
Tried it all  
Don't want it no more  
Sign me out of this game

The noise surrounds me  
I'm fading away  
I'm starting all over  
Again and again  
Again and again

I've changed my mind  
I don't want to come  
Sign me out of your game  
I've seen enough  
I don't want to come  
I'm not the one to blame

I've changed my plans  
I'm getting away
