

# Luna Halo, Hang On To You

And I'll hang on to you  
'Cause you're stronger  
And you keep me from falling  
And you brighten the world  
With your beauty keep me closer  
I'm calling

Looking out like a little child  
Holding tight when it all gets wild

And I'll hang on to you  
Nothing in this world will see me through  
Only You  
And I'll hang on to you  
Every day I live I give to you

And your love it is true  
I feel stronger  
And I'm happy to know you  
'Cause you shine like the sun  
And you're brighter  
Than the darkness that's falling

Nothing in this world  
Could ever take your place  
Happiness is found  
In Your warm embrace  
How I love your face

And I'll hang on to you  
'Cause you're stronger  
And you keep me from falling

And I'll hang on to you  
Every day I live I give to you  
yeah...  
And I'll hang on to you

When the darkest days are falling  
Keep me closer I am calling
