

Luna, Hey Sister

up on the roof
it's almost dawn
see the water towers
look so forlorn
they've got no reason
to feel that way
night turn to day
let's get away
it's another day
let's get away
it's another day
we'll go somewhere
we've never been
time's runnin' out
we'll start again
what's round the bend
i just can't say
night turn to day
let's get away
it's another day
let's get away
it's another day
