

Lunik, Little Bit

A little bit you make me cry
Everytime we say goodbye
When you close the door behind your back
I never know if I'll see you again
I never know if I'll meet you again

A little bit I love you
A little bit I hate you
A little bit I need you
A little bit I wish I'd never met you
A little bit I love you
A little bit I hate you
A little bit I need you
Just a little bit

A little bit you need a life
Without your kids your dog n' without your wife
Cuz' when you come to spend some time with me
It's easy to feed your fantasy
And I admit I don't give a shit about your family

A little bit I love you
A little bit I hate you
A little bit I need you
A little bit I wish I'd never met you
A little bit I love you
A little bit I hate you
A little bit I need you
Just a little bit

And if you'd be mine for the rest of my time
I know we would always be fighting - Yeah

A little bit I love you
A little bit I hate you
A little bit I need you
A little bit I wish I'd never met you
A little bit I love you
A little bit I hate you
A little bit I need you
A little bit I wish I'd never met you
A little bit... just a little bit...uuuhhh yeah... a little bit I wish I'd never met you...
Oh just a little bit yeah... just a little bit... just a little bit yeah... just a little bit...
Yeah... just a little bit... oh just a little bit
