

Lykke Li, Let It Fall

so i weep (x 4)

in weakest moments i weep
'cause i like the way tears fit my cheek
in darkest moments i cry
oh, how i love the way tears soothe my face

i like it soft, i like it wet
i like my make up in a mess
so i cry hard, let it fall
and i won't stop until my tears are all shed

so i weep (x 6)
and i won't stop until my tears are all shed

let it fall (x 4)
enjoy this moment
cuz it feels so good when i let my water flow
drip-drop till i cannot stop
can't stop
and i sit low
drip-drop till i cannot stop, can't stop
i cry for you, cry for you
i cry because i cannot help it
so it runs and it falls
and ain't no stoppin' at all

i like it soft, i like it wet
i like my make up in a mess
so i cry hard, let it fall
and i won't stop until my tears are all shed

so i weep (x 6)
and i won't stop until my tears are all shed
let it fall (x 6)
so i weep (x 3)
and i won't stop until my tears are all shed
let it fall (x 9)
