

Lykke Li, sex money feelings die

late night
call you in the late night
trade love for one night
two pills and a red one
I don't mind
two words that you don't say
no love when you hold me
no callin the next day
it's one way, no!

and now the Sun is up
I;m coming down
nobody nowhere
I;m nobody nowhere
we just blow it up
blow it out

sex, money, feelings, die
baby, don't you cry
sex, money, feelings, die
baby, don't you cry
sex, money, feelings, die
feelings on my right
sex, money, feelings, die
sex, money, feelings, die
sex, money, feelings, die

I afraid of the sunlight
I don't care to be alright
two lines, one time
every night
every weekend
weeknight
oh, my
lights off when I wake up
tears under myt makeup
your lips will stay shut
when we wake up, break up

I don't wanna think abut, think about you
drink up /2x
I am so fucked up
all I want is you
no, I don't wanna think about
think about you
drink up /2x
I am so fucked up

sex, money, feelings, die
baby, don't you cry
sex, money, feelings, die
baby, don't you cry
sex, money, feelings, die
feelings on my right
sex, money, feelings, die
sex, money, feelings, die
sex, money, feelings, die

all night /3x
all of these nights, sex, money, lies
all night /3x
all of these nights, sex, money, lies

sex, money, feelings, die

baby, don't you cry
sex, money, feelings, die
baby, don't you cry
sex, money, feelings, die
feelings on my right
sex, money, feelings, die
sex, money, feelings, die
sex, money, feelings, die
