

# Lynn Anderson, Listen To A Country Song

It's Saturday night and my daddy's up late pickin' with my uncle Bill  
The neighbors don't mind cause they have a good time sippin' on my pappy's still  
Old brother Ben got a fiddle in his hands and mama's on the mandolin  
When the music is right and the band is tight you wanna see 'em pick and grin  
Well everybody starts movin' to the sound of the guitar strums  
Everybody starts groovin' to the beat of the rhythm and drums  
So come on along get yourself really on rock to the music and fun  
Sip that wine and have a really good time and listen to a country song

Old sheriff Brown whenever comes around knockin' on a cold backdoor  
It's a matter of fact you can find him outback pickin' on his old banjo  
My brother Jack sneaks out from the back tryin' to get to sister Sue  
Watch him closin' on the ground about turnin' around she knows a little jujitsu  
Everybody starts movin'...  
[ fiddle - guitar ]  
Everybody starts movin'...  
Just sip that wine and have a really good time and listen to a country song
