

# M.V.P., Bounce, Shake, Move, Stop!

As we step in the place  
Everybody know who we are  
Shining like we are super stars  
Got my crew and we coming though tonight  
MVP is the name  
And you know we'll be makin moves  
Making you shake it to the grooves  
Got the spotlight  
Untill the morning light

[Chorus:]

Bounce, if you really wanna loose control  
Shake, if you feel the rhythm in your soul  
Move, if you really wanna have some fun  
Stop! If you think your gonna hurt someone

Swing when your getin dizzy on the floor  
Shout, when you see us walking through the door  
Dance till we're sweating in the morning sun  
Stop, if you think your gonna hurt someone

We can go and have a little party  
Just a couple of us acting naughty  
My crew is ready and they look real common  
They at the tele with the hot tap running

You know theres jumping and theres no fronting tonight (ohhh)  
If loving you is so wrong I dont wana be right (oh yeah)
