

# Maanam, Paranoia

Feel so heavy,  
So heavy and so weary  
My arms are aching,  
My head is breaking open

All these people,  
They all want something from me  
My heart is aching,  
Slowly disintegrating

Paranoia  
So cold

Paranoia  
So cold

Paranoia  
So cold

Night has fallen,  
There's just the moon and me  
Dragging myself  
Up this dusty tower

Body's covered,  
My body's covered in dew  
So much has happened,  
So much has happened to me

Paranoia  
So cold

Paranoia  
So cold

Paranoia  
So cold

Feel so heavy,  
So heavy and so weary  
My arms are aching,  
My head is breaking open

All these people,  
They all want something from me  
My heart is aching,  
Slowly disintegrating

Paranoia  
So cold

Paranoia  
So cold

Paranoia  
So cold
