

Mabel, Don't Let Me Down

You can be anybody when your life just turns around
You believe in nobody when someone just lets you down.
You can be anybody when you leave your hopes behind
Must believe that somebody brings the strength into your life
You will find another day
If it will be another story
You will always lead your way
You will never fight alone
You will find another way
It will be another game
If you stay close to me
Dont let me down,
Dont let me down,
Dont let me down,
Dont let me down,
Dont let me down, o ho o o o
Dont let me down, o ho o
Dont let me down, o ho o o o
Dont let me down, o ho o
You can be anybody when your feelings touch the ground
You believe in nobody when someone just pulls you down
You can be anybody when you really understand
Must believe that somebodys always there to lend a hand
You will find another day
If it will be another story
You will always lead your way
You will never fight alone
You will find another way
It will be another game
If you stay close to me
Dont let me down,
Dont let me down,
Dont let me down,
Dont let me down,
Dont let me down, o ho o o o
Dont let me down, o ho o
Dont let me down, o ho o o o
Dont let me down, o ho o
