

Machinae Supremacy, Fighters From Ninne

Comin' at ya woo-style
Never hiding our pride
We are always holding our heads high
Comin' at ya woo-style
Getting high on genocide
And we're always justified

It won't take until tomorrow
If we only know where we wanna go

Comin' at ya woo-style
Never hiding our pride
We are always holding our heads high
Comin' at ya woo-style
Getting high on genocide
And we're always justified

Wanna run don't wanna be still
I gotta fight to be king of the hill

And there is nothing
That could change me
My mind is set, my mind is free

Comin' at ya woo-style
Never hiding our pride
We are always holding our heads high
Comin' at ya woo-style
Getting high on genocide
And we're always justified
