

# Machine Gun Kelly, play this when i'm gone

I'm writing you this message just so I can say that I love you  
I had to let you know that everything about me was you, yeah  
I think it's time for me to leave, but I'll never leave you  
I just looked at your pictures, so the last thing I did was see you

I'm twenty-nine, my anxiety's eating me alive  
I'm fightin' with myself and my sobriety every night  
And last time I couldn't barely open up my eyes, I apologize

I'm not gonna lie and tell you it's alright, it's alright  
You're gonna cry and baby, that's alright, it's alright  
I wrote you this song to keep when I'm gone  
If you ever feel alone  
You're gonna cry and baby, that's alright, it's alright

I hope you get to go to all the places that I showed you  
When I was on the road and couldn't be home to hold you  
Part of me doesn't want this cruel world to know you  
So just try and keep in mind everything that I told you

I'm twenty-nine, and society's eating me alive  
I'm fighting what comes with this notoriety every night  
This is the last time I'll ever open up my eyes, I apologize

I'm not gonna lie and tell you it's alright, it's alright  
You're gonna cry and baby, that's alright, it's alright  
I wrote you this song to keep when I'm gone  
If you ever feel alone  
You're gonna cry and baby, that's alright, it's alright

And I'll miss you, I'll miss you, I'll miss you, I'll miss you, yeah  
And I'll miss you, I'll miss you, I'll miss you, I'll miss you  
And I'll miss you (I'll miss you), I'll miss you (I'll miss you)  
I'll miss you (I'll miss you), I'll miss you, yeah  
And I'll miss you (I'll miss you), I'll miss you (I'll miss you)  
I'll miss you (I'll miss you), I'll miss you

And I'll miss you, I'll miss you, I'll miss you, I'll miss you, yeah  
And I'll miss you, I'll miss you, I'll miss you, I'll miss you
