

Macy Gray, Bang Bang

You don't know it's gone nature
Sometimes you got to dig in the dirt
To get what you need

What I need, I need is you!
I gonin hold on to be with you

Bang bang I wanna him
Shoot me down
And I wanna him
When I told them that I wanna him
He said: Louder
Louder /3x

Tell my baby you're love is hot as I do?

..
Inside you
Thets a thunder, that's a fire...
And my hurraga is for you

Is that what you need?
Is that what you need?
