Madonna, Easy Ride

I want the good life But I don't want an easy ride What I want is to work for it Feel the blood and sweat on my fingertips That's what I want for me

I want to know everything Maybe someday I will What I want is to find my place Breathe the air and feel the sun on my children's face That's what I want

[Chorus:]

I go round and round just like a circle I can see a clearer picture When I touch the ground I come full circle To my place and I am home I am home

I want to let go of all disappointment that's waiting for me What I want is to live forever Not defined by time and space It's a lonely place That's what I want

[chorus, repeat and fade]
