

# Madonna, Get Over

Yeah

You get under my skin  
When I'm next to you  
You get over  
Every little thing you do, I

I was thinking that you never tried to hurt me  
Never wanted something from me, tried to warn me  
But you didn't really want me but I want you  
'Cause you haunt me and I felt it from the start

You're going to break my heart  
So I tried to play the part  
And I knew I had to choose  
I've got nothing left to lose  
Might as well just tell the truth

Chorus:

You get under my skin  
When I'm next to you  
You get over  
Every little thing you do  
I can't get with it  
Can't put the blame on you  
'Cause you get under my skin  
I can't get over you

I was hoping, I was dreaming that I'd wake up  
Think about it and I found that I had made up  
But my heartbeat tells me it's not true, I want you  
Gotta have you, tell me why can't we just start

Bridge:

You want to break my heart  
Now you're underneath my skin  
And I feel like it's a sin  
To let love walk away so fast  
I'm not your first, won't be your last

(chorus)

Intermediate:

Get up, get over, get under  
Oh baby you hit me like thunder  
Get over, get under, get into  
To love you is almost a sin to  
(repeat)

Start

(chorus)
