

# Madonna, Incredible

Just one of those things when everything goes incredible and all is beautiful  
Can-ca-ca-can't get my head around it, I need to think about it  
Can't get my head around it, I-I need to think about it  
And one of those things that used to get you down  
Now have no effect at all cause life is beautiful  
Can-ca-ca-can't get my head around it, I need to think about it  
Can't get my head around it, I-I need to think about it

Remembering the very first time, you caught that someone special's eye  
And all of your care dropped and all of the world just stopped  
(I hope) I want to go back to then, got to figure out how, got to remember when  
I felt it, it thrilled me, I want it to fill me

Just one of those things when everything goes incredible and all is beautiful  
Can-ca-ca-can't get my head around it, I need to think about it  
Can't get my head around it, I-I need to think about it  
And one of those things that used to get you down  
Now have no effect at all cause life is beautiful  
Can-ca-ca-can't get my head around it, I need to think about it  
Can't get my head around it, I-I need to think about it

You don't know what you got 'til it is gone and everything in life just goes wrong  
Feels like nobody's listening and something is missing  
(I hope) I want to go back to then, got to figure out how, got to remember when  
I felt it, it thrilled me, I want it to fill me

Just one of those things when everything goes incredible and all is beautiful

Can-ca-ca-can't get my head around it, I need to think about it  
Can't get my head around it, I-I need to think about it

I remember when you were the one, you were my friend  
You gave me life, you were the sun, you taught me things  
I didn't run, I fell to my knees, I didn't know why  
I started to breathe, I wanted to cry  
I need a reminder so I can relate  
I need to go back there before it's too late

It's time to get your hands up  
It's time to get your body groovin'  
It's time to get your hands up  
It's time to get your body groovin'  
It's time to get your hands up  
It's time to get your body groovin'  
It's time to put your hands up  
It's time to get your body movin'

Just one of those things when everything goes incredible and all is beautiful  
Can-ca-ca-can't get my head around it, I need to think about it  
Can't get my head around it, I-I need to think about it

Incredible, let's finish what we started

Incredible, you're welcome to my party

I don't want this to end, I am missing my best friend  
It was incredible, there is no reason  
Sex with you is ah

Incredible (hey girl, ooh oh)  
Let's finish what we started (let's finish where we started, girl)

Yes, it was incredible, there's no reason to pretend  
Incredible

It's time to get your body movin'  
It's time to put your hands up ("continues to background")

It's incredible, unbelievable  
It's incredible, unachievable  
It's incredible, metaphysical
