Madonna, Partido Feminista

[Crowd:]

(Evita Peron, Partido Feminista) [repeat in background]

[Eva:] Peron is everything, he is the soul, the nerve The hope and the reality of the Argentine people We all know that there is only one man in our movement With his own source of light We all feed from his light, and that is Peron

[Che:] And now she wants to be vice-president

[Officers:]

That was the over-the-top, unacceptable suggestion We didn't approve but we couldn't prevent The games of the wife of the president But to give her pretensions encouragement She's out of her depth, and out of the question
