

Madonna, Take Me

You are who you are (are are)
I'm so in love with you
What can I do
That's where you take me
You take me
Take me

Take me
Love me

What can I do
What can I do

A box of chocolates
A football team
Flowers growing in the garden
Flowers growing in the garden

You are who you are (are are)
I'm so in love with you
What can I do
What can I do
What can I do
What can I do
I'm so in love with you
What can I do
What can I do
What can I do
I'm so in love with you

That's where you take me
You take me
Take me
That's where you take me
You take me
Take me

There is a light
Above my head
Into your eyes

You are who you are (are are)
I'm so in love with you
What can I do
What can I do
What can I do
What can I do
I'm so in love with you
What can I do
What can I do
What can I do
I'm so in love with you

There a light
There a light
A light
There
There
