Madonna, Where Life Begins

Warm inside, yeah I'd like to direct your attention To something that needs directing to A lot of people talk about Dining in and eating out I guess that's what this song's about

I know this is not a dining room conversation And you don't have to listen if you don't have the time But let me remind you in case you don't already know Dining out can happen down below

[Bridge:]

Everybody's talkin' 'bout Wanting that and needing this I'd just like to know If you want to learn a different kind of kiss

[Chorus:]

So won't you go down where it's warm inside Go down where I cannot hide Go down where all life begins Go down that's where my love is

Now what could be better than a home cooked meal How you want to eat it depends on how you feel You can eat all you want and you don't get fat Now where else can you go for a meal like that It's not fair to be selfish or stingy Every girl should experience eating out Sometimes when I come home from a hard day at work I swear it's all I can think about

[bridge, substituting "way to" for "kind of"] [chorus]

Colonel Sanders says it best "Finger lickin' good" Let's put what you've learned to the test Can you make a fire without using wood Are you still hungry; aren't you glad we came I'm glad you brought your raincoat I think it's beginning to rain

[bridge, substituting "way to" for "kind of"] [chorus, repeat]

That's where my love is Come inside That's where all life begins It's warm inside
