

# Madonna, You Are The One

I'm here because I wanted to talk to you about us  
And all that we gone through  
I remember the first night  
You didn't know who you were then  
I didn't know who I was  
We grew up together

You are the one  
You are destined for me  
The one for me  
For me,for me  
/2x

You believed in me when I was chubby  
You believed in me when that ..  
You believed in me when I didn't believe in myself  
I'll always love you  
I'm not going to be like all the rest  
I'm not going to kiss up to you

You are the one  
You are destined for me  
The one for me  
For me,for me  
/2x

And you find someone else  
I know where you spend time  
Because shes not threating  
She doesn't make you laugh  
She doesn't make you cry

She's a freak  
She's a man in drag  
She's a woman in drag

She's a freak  
She's a freak  
She's a man in drag  
She's a woman in drag  
She's a freak

You expect me to come running back to you  
Everytime you kept me in prison  
You never had more fun with anyone else  
And you know it  
Never had more fun  
Fun  
Fun

You are the one  
You are destined for me  
The one for me  
For me,for me

Turn my back for one minute
