

Madox, High On You

Let's play a little game
Don't leave me here
My body's freezing
I'm addicted to dance
I want You,
I want You near me
Cover my cyber skin
With all your fears don't wanna fear
Deep within my dreams
This stayed I'm in
Don't wanna feel so weird

I need Your body and Your soul in my hands
I'm high on you
I'm drown with this game
I need Your body and Your soul in my hands
I'm high on You
I'm high
A-a-a-a-a-again

You see us dancing near
Don't feel bad
I don't know the reasons
You can't be with me
Let me, let me be free
Take Your dream can go
Go far away I'm having fun
I don't care but I
Higher, higher
My life is only my

I need Your body and Your soul in my hands
I'm high on you
I'm drown with this game
I need Your body and Your soul in my hands
I'm high on You
I'm high
A-a-a-a-a-again
