## Magdalena Sałata, Shivers (The Voice of Poland

I took an arrow to the heart I never kissed a mouth that tastes like yours Strawberries and then something more Ooh yeah, I want it all

Lipstick on my guitar Fill up the engine, we can drive real far Go dancing underneath the stars Ooh yeah, I want it all

Mmm, you got me feeling like

I wanna be that guy I wanna kiss your eyes I wanna drink that smile I wanna feel like I Like my soul's on fire I wanna stay up all day and all night Yeah, you got me singing like

Ooh, I love it when you do it like that And when you're close up Give me the shivers Oh baby, you wanna dance till the sunlight cracks And when they say the party's over then we'll bring it right back

And we'll say Ooh, I love it when you do it like that And when you're close up Give me the shivers Oh baby, you wanna dance till the sunlight cracks And when they say the party's over then we'll bring it right back

Into the car On the backseat in the moonlit dark Wrap me up between your legs and arms Ooh, I can't get enough

You know you could tear me apart Put me back together and take my heart I never thought that I could love this hard Ooh, I can't get enough

Mmm, you got me feeling like

I wanna be that guy I wanna kiss your eyes I wanna drink that smile I wanna feel like I Like my soul's on fire I wanna stay up all day and all night Yeah, you got me singing like

Ooh, I love it when you do it like that And when you're close up Give me the shivers Oh baby, you wanna dance till the sunlight cracks And when they say the party's over then we'll bring it right back

And we'll say Ooh, I love it when you do it like that And when you're close up Give me the shivers Oh baby, you wanna dance till the sunlight cracks And when they say the party's over then we'll bring it right back

Baby, you burn so hot You make me shiver with the fire you got This thing we started, I don't want it to stop You know you make me shiver-er-er

Baby, you burn so hot You make me shiver with the fire you got This thing we started, I don't want it to stop You know you make me shiver
