

Maggie Lindemann, Crash and Burn

i know that people change
but i thought that we would stay the same
i am aware about your lies
tell me give me a good reaso why

i simplyfie
cos thats's the life

why do we talk about this
you're always walk
and make it worst
you never learn
i don't know how to make it
what i gonna say not to regret it
no return
we're crush and burn

you pick ... form me
and you laught with no apologies
felt .. in your back
yah you thought i was a killer
you're lucky looking in the mirror

why do we talk about this
you're always walk
and make it worst
you never learn
i don't know how to make it
what i gonna say not to regret it
no return
we're crush and burn

what
what
stupit game you play
do i have to pay?
what

..
Yeah , i let you let go

why do we talk about this
you're always walk
and make it worst
you never learn
i don't know how to make it
what i gonna say not to regret it
no return
we're crush and burn
