MAGIC!, Ain't Got Nothin' Figured Out

Woo!
I don't know what is real or fake
All these numbers don't calculate
Trying but I can't calibrate purpose (yeah)
Looking for my own destiny
Without sense or sanity
Tryin' not to get stuck on the surface
One day she loves me
The next she cries
I can read the stars but not the look in her eyes
Thought I had the answers
The key to life
But the more I search
It seems the less I find
Cause the only thing that I got figured out
Is that I ain't got nothin' figured out
The only thing that I got figured out
Is that I ain't got nothin' figured out
(Yeah) So, so, so I ain't gonna stress it
I'm just gonna let life do, what it do
Cause the only thing that I got figured out
Is that I ain't got nothin' figured out
I don't know if I'm off or on
Do I stand out or just belong
Tell is there something that I'm missin' (yeah)
It's getting harder to meditate
Faking all of my namastes
Trying to get back what I've been given
One day she loves me
The next she cries
I can read the stars but not the look in her eyes
Thought I had the answers
The key to life
But the more I search
The less I find
Cause the only thing that I got figured out
Is that I ain't got nothin' figured out
The only thing that I got figured out
Is that I ain't got nothin' figured out
(Yeah) So, so, so I ain't gonna stress it
I'm just gonna let life do, what it do
Cause the only thing that I got figured out
Is that I ain't got nothin' figured out
Cause the only thing that I got figured out
Is that I ain't got nothin' figured out (ay, say)
The only thing that I got figured out
Is that I ain't got nothin' figured out (absolutely nothin')
Cause the only thing that I got figured out
Is that I ain't got nothin' figured out
The only thing that I got figured out
Is that I ain't got nothin' figured out
(Yeah) So, so, so I ain't gonna stress it
I'm just gonna let life do, what it do
Cause the only thing that I got figured out
Is that I ain't got nothin' figured out
