

Magnapop, Garden

On the way
Near a truck stop
That's behind my evil haven
There is a garden
He is a garden

Are you mad yet
Can't connect it
When you try to
Do you know
He is evil
You are mad
Are you mad yet

Known a comfort
Known a mia
Known a scary ancient feeling

He is a garden
He is a garden

Are you mad yet
Separate it
Do you know
What they do
When they say it feels like comfort
I can't find it
Tried to run
But I'm the only one

Sedentary
Lonely contact
No connection
Fee or feeling

He is a garden
He is a garden

Scrap it all
Before summer
Kill the person
That you fight with
Remain single
There your strength is
Live for freedom
Not for struggle

He is a garden
He is a garden

Scrap it all
Before summer
Kill the person
That you fight with
Remain single
There your strength is
Live for freedom
Not for struggle
