

# Magnum, Hit And Run

Walking the street, you're in need of someone's sympathy  
And someone you meet helps to pass the time just perfectly  
And she takes you by the hand  
Takes you to the promised land and gives you her love

Drinking alone, shadowed by your own uncertainty  
You'd like to be shown everything you've never dared to see  
Then she takes you by the hand  
Takes you to the promised land and gives you her love

And then the damage is done  
Take your love on the run  
You can buy your romance  
So you jump at the chance  
Hit and run  
Hit and run  
Hit and run

Drinking alone, shadowed by your own uncertainty  
You'd like to be shown everything you've never dared to see  
Then she takes you by the hand  
Takes you to the promised land and gives you her love

And then the damage is done  
Take your love on the run  
You can buy your romance  
So you jump at the chance  
Hit and run  
Hit and run
