

Magnum, Reckless Man

No promises to keep
Won't lose an hours sleep
Talks fast but makes no sense
The mask of innocence

Turns on the golden light
Perception clear and bright
He don't need no crystal ball
He don't need no one at all

He's a reckless man
He won't crack as a matter of fact
He's a political man
He's got blood on his hands

He thinks he wrote the book
Just take a second look
He reads it everyday
Then tells it anyway

He's a reckless man
He won't crack as a matter of fact
He's a political man
He's got blood on his hands
