Magnum, You're The One

I won't be home tonight
I got your news but I feel all right
I'm going to take this town
I'm going to turn it upside down
You won't tell me no more lies
Won't need no alibis

You're the one, you're the one who walked out on me You're the one, you're the one who yelled victory Things have changed, now that you're gone Don't you know you're the one? You're the one, you're the one who'll be history

Don't want your love any more Don't wanna hear you knocking on my door So don't you come back tonight Everything'll be locked up tight What's a man supposed to do? I won't be cryin' over you

You're the one, you're the one who walked out on me You're the one, you're the one who yelled victory Things have changed, now that you're gone Don't you know you're the one? You're the one, you're the one who'll be history

You won't tell me no more lies Won't need no alibis

You're the one, you're the one who walked out on me You're the one, you're the one who yelled victory Things have changed, now that you're gone Don't you know you're the one? You're the one, you're the one who'll be history
