

# Make It Pop, Make You The One

Yeah  
Gimme that bass  
Uh

I'm trying to find the solution  
He's confident with resolution  
Not driven by small confusion  
Just call it, just call it a brand new love

Corki:  
We all have those human eyes  
I want something more from mine  
So take me to the other side  
I'll show you something, the perfect guy

All:  
I'll make you the one  
I'll make you the guy that takes me there  
I'll make you the one  
Just take me there

I'm counting on you (ooh, ooh, ooh, ooh, ooh, ooh, ooh, ooh, ooh, ooh, ooh)  
I'm counting on you (ooh, ooh, ooh, ooh, ooh, ooh, ooh, ooh, ooh, ooh, ooh)  
I'll make you the one

(The perfect one)

(I'll make you the one)

(The perfect one)

Corki:  
I'm calling you  
My devotion  
You know romance  
And my emotions  
You came a long way  
And you're here now  
So be my boy  
Hang around  
I will bring you to life

Jodi:  
We all have those human eyes  
I want a little something more from mine  
Take me to the other side  
I'll show you something  
My perfect guy

All:  
I'll make you the one  
You will be the guy that takes me there  
I'll make you the one  
Just take me there

I'll make you the one

(The perfect one)

(I'll make you the one)

(The perfect one)

(I'll make you the one)

(The perfect one)

I'll make you the one
