

# Make Up Your Mind, Make Up Is Lies

make up baby yeah  
puts you right between the eyes  
with a feeling that you finally  
realize

the truth is then and there  
youre living out a lie  
you put your fist in the air and you shout  
make up is a lie lets go

make up is lies  
make up is lies  
make up is lies  
make up is lies

make up is another word for  
goodly skies  
if youre sewed on to your skin  
your skin needs shine to die

make up is the word  
when you need to be in rehab  
when they knew theyd land in new found land  
yeah werent they glad

make up is lies  
make up is lies  
make up is lies  
make up is lies
