## Malevolent Creation, Culture Of Doubt

[Music:Phil Fasciana / Lyrics:Brett Hoffman]

Everything and everyone Is all wasted shit So much useless sacrifice For a cause that is unfit

Everything you are not Just another sniveling snot Culture of doubt Afraid to take it on

Everything you are not Idle stance or take your shot Culture of doubt Bring the system down

Everything and everyone Is all wasted shit Take it hard in the ass Or rise up contrast

Everything you are not Just another sniveling snot Culture of doubt Bring the system down

Failing lies
Trapped by disguise
Wake up and see
You are never free

Failing lies
Trapped by disguise
Wake up and see
You are never FREEEE!!!

Always they play us Why do we give in Why dont we stand up Maybe finally win

I cannot fail Except this I will not No one will tell me My mind is not free
