

# Mali Music, Beautiful

It's a blessing to see people  
With their heads up to the sky still  
Cos honestly for the same people  
Life can be so real  
I'm amazed by all your strength, I am  
And I'm grateful you come through yeah, yeah  
So I take this time to stop a moment  
And show my gratitude  
For you I...

I put my lighter in the air for you  
I see whatch?u doing, yeah I see whatch?u go through  
Put my lighter in the air, the truth is you're beautiful, beautiful  
Now put your lighter in the air for us,  
Everybody singin' together, sing a new song  
Put your lighter in the air for love is beautiful, beautiful

Many mighty ships are sinking  
Many stars are falling down  
And I count it as a blessing  
That you hold me up now  
I can tell that you've been praying  
My whole life has turned around, yeei yeeeah  
And I can't go without saying  
That I thank God for you all now  
Eh, for you I...

I put my lighter in the air for you  
I see whatch?u doing, yeah I see whatch?u go through  
Put my lighter in the air, the truth is you're beautiful, beautiful  
Now put your lighter in the air for us,  
Everybody singin' together, sing a new song  
Put your lighter in the air for love is beautiful, beautiful

Let me hear you say: yaa, yaa, yaa, yaa, yaa, yaa, yaa...
