Malice Mizer, Hakai No Hate

The voice of temptation whispers at your ear The sound of fear upsets your heart

The innumerable shadows you can see change into different shapes around you -- around this glocal The voice of temptation whispers at your ear -- the sound of fear ...

Spread your invisible wings at the moment you fly away This false jail collapes and takes in the stillness around you

Break out from the dark Release your dark mind And awake -- the end of agony

Spread your invisible wings at the moment you fly away This false jail collapes and takes in the stillness around you

Spread your invisible wings at the moment you fly away This false jail collapes and takes in the stillness around you -- The scream suddenly becomes wind

Spread your invisible wings at the moment you fly away This false jail collapes and takes in the stillness around you -- The sorrow suddenly turns into kindness
