

Mally Mall, Wake Up In It ((Feat. Tyga, Pusha T, I

[Sean Kingston]

So what's it gonna be now?
Girl I'm tryna wake up in it
So don't fall asleep now
Girl I'm tryna wake up in it
Fall asleep, fall asleep now
Girl I'm tryna wake up in it
Fall asleep, fall asleep now
Girl I'm tryna wake up in it

[French Montana]

All I do is get, get money
All I'm tryna do is get, get, get money
Tryna fall asleep, too much Henny and Patron
But can I hit it in the morning?

[Tyga]

I'm two Maybachs in it
You are looking at a meal ticket
Raw in the kitchen, make T-Raw for a livin'
She said I'm too good? That's just how I'm livin'
Bitch can't get her, flat rate, for a hook-up
Same price as a hooker
This could leave her limp, nookie, rock and roll the pussy
Geno Smith, I'm no rookie, don't push me
Pusha, Mally, French that's king shit
Rare that you see this, pyramids of Giza
Black Am Ex, no Visa, I rain on that bitch like sprinklers
Top back, it's winner season
D. Rose in the Rolls Royce
I am these ho's number one choice
I hit the club, bitches get moist
You hit the club: no noise

[Sean Kingston]

So what's it gonna be now?
Girl I'm tryna wake up in it
So don't fall asleep now
Girl I'm tryna wake up in it
Fall asleep, fall asleep now
Girl I'm tryna wake up in it
Fall asleep, fall asleep now
Girl I'm tryna wake up in it

[French Montana]

All I do is get, get money
All I'm tryna do is get, get, get money
Tryna fall asleep, too much Henny and Patron
But can I hit it in the morning?

[Sean Kingston]

Bet she want a dude like me
After the club, but you can't go to sleep
Girl, I can see it in your eyes
You ain't never take a trip overseas
I wanna wake up in it, baby let's go
So no time for sleeping, yeah you know

[Mally Mall]

I hit it like it's business
You can call your friend, be a witness
Murder that, no feelin's
I go to sleep, and wake up in it
Get it if I want it

Roll up in it, two M's on it
Push up on it, I put Pusha on it
Go to sleep in it, then I hit it in the morning

[Sean Kingston]
So what's it gonna be now?
Girl I'm tryna wake up in it
So don't fall asleep now
Girl I'm tryna wake up in it
Fall asleep, fall asleep now
Girl I'm tryna wake up in it
Fall asleep, fall asleep now
Girl I'm tryna wake up in it

[French Montana]
All I do is get, get money
All I'm tryna do is get, get, get money
Tryna fall asleep, too much Henny and Patron
But can I hit it in the morning?

[Pusha T]
Can I hit it in the morning?
With two in the bed like B.I.G. had a warnin'
After the club, you know who she calling
Cause up in the club, you know he was balling
YUUGH, King Push on his king pin
King stunna, Last Kings, king them
(Crown), Rolex on every wrist
Crew full of money, drop checks on every bitch
Yeah, I'm tryna wake up with it
Soon as I roll over: wake up, hit it
Backs to the corner as I rake up digits
Time is money, you know you can't make up minutes
So what's it gonna be; I'm dropping or you dropping
My top or your top: two options
Don't fall asleep
And miss the benefits of shot caller
King Push

[Sean Kingston]
So what's it gonna be now?
Girl I'm tryna wake up in it

Girl I'm tryna wake up in it
