

Mandy Moore, Lock Me In Your Heart

Mandy, Mandy, the sound of your voice is sweet like candy
There was a time when I was all alone
Waiting for someone I could call my own
I closed my eyes and dreamt you up one day
My prince of charms would ride up and we'd fly a way
Take me to a place where
The magic between us becomes real
Take me all the way
Boy I want you to
Lock me in your heart and throw away the key
Show me love the way it's supposed to be
Lock me in your heart and never let me go
I must confess you are the best
So baby come and take me
Take me baby take me away
We'll dance together
Where no one can see
With you alone is where I want to be
Uncharted territory we'll discover
You'll always be my dream lover
Take me to a place where
The magic between us becomes real
Take me all the way
Boy I want you to
Lock me in your heart and throw away the key
Show me love the way it's supposed to be
Lock me in your heart and never let me go
I must confess you are the best
So baby come and take me
Take me baby take me away
Lock me in your heart
Oh, baby, oh
Lock me in your heart
So baby come and take
Take me to a place where
The magic between us becomes real
Take me all the way
Boy I want you to
Lock me in your heart and throw away the key
Show me love the way it's supposed to be
Lock me in your heart and never let me go
I must confess you are the best
So baby come and take me
Boy I want you to
Lock me in your heart and throw away the key
Show me love the way it's supposed to be
Lock me in your heart and never let me go
I must confess you are the best
So baby come and take me
Take me baby take me away
Take me baby take me away
