

Mans Zelmerlow, Rewind

There we were
With a party everywhere
that we turned, yeah.
No concerns.
With a music streamning down the beach
Embracing the heat, feel that.
It's unreal it's all fanatic
Bodies moving so ecstatic
There's no time to be romantic.
You can feeling in your soul,
let the music take control.
So rewind, rewind
Back to the summertime
Feeling so fine.
Leaving all my worries behind.
So rewind, rewind
Back to the summertime
Back the club night.
Wont somebody take me back the summertime.
Take me back the summertime...
When it feels
Like summer sun is far away, hey.
Then you wish.
The falling leaves were long delayed
I don't wanna way, no no.
Seasons changing with the weather
Keep your faith it's getting better
There will be more nights together.
If you've got it in your soul
let the music take control.
So rewind, rewind
Back to the summertime
Feeling so fine.
Leaving all my worries behind.
So rewind, rewind
Back to the summertime
Back the club night.
Wont somebody take me back the summertime.
Take me back the summertime...
