Mansun, Wide Open Space Bleed

I'm in a wide open space, I'm standing I'm all alone and staring into space It's always quiet thru' my ceiling The roof comes in and crashes in a daze

I'm in a wide open space, it's freezing You'll never get to heaven with a smile on your face from me

I'm in a wide open space, I'm staring There's something quite bizarre I cannot see

I'm on the top of a hill, I'm lonely There's someone here to shout to miles away I could be back in my house, for I care They do not hear me, it's the same old case
