Marco, Ready To Go

No need to carry on I don?t want to sing alone Give me a reason to stay I?m ready to go No need to carry on I don?t want to sing alone Give me a reason to stay I?m ready to go

I thing you look so sexi tonight
Stop by, just make love tonight
I stay calm, I wonder why
Only it?s another word
It?s jus another day
Please God, hear me pray
I know it?s only way to end this game
I talk to God
Why should I not to go away
You want to stay
Stay to five
She want to vin
We start to fuck

No need to carry on I don?t want to sing alone Give me a reason to stay I?m ready to go No need to carry on I don?t want to sing alone Give me a reason to stay I?m ready to go
