

# Margaret, Medicine

Want this just a little bit  
A little bit too much  
One hit for the hell of it  
Although it's dangerous  
Bad trip, get me out of it  
Dreamin' about your touch  
Every day and night

Get up on my body  
I need you to love me down  
So baby come on  
Let me blow your mind  
I don't wanna wait  
I don't wanna wait too long  
So baby come on  
Let me blow your mind

Get up on my body  
I need you to love me down  
So baby come on  
Let me blow your mind  
I don't wanna wait  
I don't wanna wait too long  
So baby come on  
Let me blow your mind

Baby if I let you in  
Will you be my medicine?  
You could be a deadly sin  
Or my dose of medicine

Haunted by your memory  
How do I make it stop?  
Can you be my remedy?  
Just gotta get me off  
Baby kinda bittersweet  
But I can't get enough  
Every day and night

Get up on my body  
I need you to love me down  
So baby come on  
Let me blow your mind  
I don't wanna wait  
I don't wanna wait too long  
So baby come on  
Let me blow your mind

Get up on my body  
I need you to love me down  
So baby come on  
Let me blow your mind  
I don't wanna wait  
I don't wanna wait too long  
So baby come on  
Let me blow your mind

Baby if I let you in  
Will you be my medicine?  
You could be a deadly sin  
Or my dose of medicine
