Mariah Carey, After Tonight

I look at you looking at me Feels like a feeling meant to be And as your body moves with mine It's iike I'm lifted out of time

And time again Patientiy I've waited For this moment to arrive

CHORUS 1: After tonight Will you remember How sweet and tenderly You reached for me And pulled me closer After you go Will you return to love me After tonight begins to fade

I feel your touch caressing me This feeling's all I'll ever need With every kiss from your sweet lips It's like I'm drifting out of time

Alone will tell If you feel the way I feel When I look in your eyes

CHORUS 2: After tonight Will you remember How sweet and tenderly You reached for me And pulled-me closer After you go Will you return to love me After the night becomes the day

Time And time and time again So patiently I've waited For this moment to arrive

CHORUS 3: After tonight Will you remember How sweet and tenderly You reached for me And pulled me closer After you go Baby will you return to love me After the night becomes the day After tonight begins to fade
