

# Mariah Carey, My Saving Grace

I've still got a lot to learn  
But, at least I know where I can turn  
When I'm in my times of need  
Just as long  
(As I know all things are possible)  
Just as long as I believe

I've loved a lot, hurt a lot  
Been burned a lot in my life and times  
Spent precious years wrapped up in fear  
With no end in sight  
Until my saving grace shined on me  
Until my saving grace set me free

Giving me peace  
Giving me strength when I'd  
Almost lost it all  
Catching my every fall  
I still exist because you keep me safe  
I found my saving grace within you

Yes, I've been bruised  
Grew up confused  
Been destitute  
I've seen life from many sides  
Been stigmatized  
Been black and white  
Felt inferior inside  
Until my saving grace shined on me  
Until my saving grace set me free

Giving me peace  
Giving me strength when I'd  
Almost lost it all  
Catching my every fall  
I still exist because you keep me safe  
I found my saving grace within you

And the bountiful things that you do  
Lord thank you  
For delivering me

And giving me peace  
Giving me strength  
Giving me hope when I'd  
Almost lost it all  
Catching my every fall  
I still exist because you keep me safe  
Always my saving grace  
Pulls me through  
I found my saving grace within you

(Yes you are - you're my every, everything)  
Within you...  
(Only, only you)  
Yes lord  
(Only you)  
My saving grace lord is  
You
