

Mariah Carey, Now That I Know

Now that I know
That you want me for me
I can be what you want
I can be what you need
Now that I know
That your love is for real
I can finally see (finally see)
This is not make believe anymore

I never knew
If I could believe in you
I thought I was just a diversion
And you were killing some time
My friends they told me
To leave you

They said you would never ever ever
Be mine
But you gave me your love
And you said I'm the one
You want for the rest of
Your life

Now that I know
That you want me for me
I can be what you want
I can be what you need
Now that I know
That your love is for real
I can finally see (finally see)
This is not make believe anymore

Whoo
I was afraid
It was all a masquerade
That I was only a plaything
And you would leave me behind
But now I feel so secure
By your side
I can conquer the world
'Cause I gave you my love
And I know you're the one
I want for the rest
Of my life

Now that I know
That you want me for me
I can be what you want
I can be what you need
Now that I know
That your love is for real
I can finally see (finally see)
This is not make believe anymore

Now that I know
That you want me for me
I can be what you want
I can be what you need
Now that I know
That your love is for real
I can finally see (finally see)
This is not make believe anymore

(I really feel it)

So much love
(I really feel it)
So much joy
(I feel it)
Sweet sweet ecstasy
(I really feel it)
'Cause you opened my eyes
(I really feel it)
And I realize
Your love is for real
It's for real

Now that I know
That you want me for me
I can be what you want
I can be what you need
Now that I know
That your love is for real
I can finally see (finally see)
This is not make believe anymore
