Marillion, Nothing Fills The Hole

I wanted it til I got it
I wanted it til I got it
Believed in it til I saw it
I needed it til I had it
I guess I live to regret it
I dreamed of it til I got it
Believed in it til I saw it
I needed it til I had it
I wanted it til I got it
I wanted it til I got it
I wanted it til I got it
Believed in it til I saw it
I needed it til I got it
Believed in it til I saw it
I needed it til I had it
Then I wanted something else

I wanted to be free I didn't last a week There aint no pleasing me That's how it's gonna be

Nothing fills the hole Nothing fills the hole Nothing fills the hole
