Marillion, Sympathy

(Rare Bird)

Now when you climb into your bed tonight And when you lock and bolt the door Just think of those out in the cold and dark 'Cause there's not enough love to go 'round No there's not enough love to go 'round And sympathy is what we need my friends And sympathy is what we need And sympathy is what we need my friends 'Cause there's not enough love to go 'round No there's not enough love to go 'round

Now half the world hates the other half And half the world has all the food And half the world lies down and quietly starves 'Cause there's not enough love to go 'round No there's not enough love to go 'round

And sympathy is what we need my friends And sympathy is what we need And sympathy is what we need my friends 'Cause there's not enough love to go 'round No there's not enough love No there's not enough love to go 'round
