

# Marilyn Manson, Burn

From dust to blood  
No one wants to live for ever  
From blood to dust  
Eternity is now or never

I've been waiting for a long time, baby  
I've been waiting for the world to,  
Burn the churches  
Burn the banks  
Burn the presincts  
Burn city hall  
Burn the court house  
Burn the schools  
Burn the presincts  
Burn the shopping malls

Stone after stone  
Build it up to nowhere  
Mile after mile  
the furture isnt going anywhere

I've been waiting for a long time, baby  
I've been waiting for the world to,  
Burn the churches  
Burn the banks  
Burn the presincts  
Burn city hall  
Burn the court house  
Burn the schools  
Burn the presincts  
Burn the shopping malls

Disrupting the orderly routine of the institution  
Disrupting the orderly routine of the institution

Burn! Burn!  
Motherfucking burn!  
Burn! Burn!  
Motherfucking burn!  
Burn! Burn!  
Motherfucking burn!  
Burn! Burn!

Burn the churches  
Burn the banks  
Burn the presincts  
Burn city hall  
Burn the court house  
Burn the schools  
Burn the presincts  
Burn the shopping malls
