

Marilyn Manson, Moonshine

I took a walk in the park
It was scary and dark
I looked up at the moon
And I wasn't afraid
I wasn't afraid
She's so bright tonight
Shining through the trees
She's glowing on you
Take a walk with me
You can walk with me in the
Moonshine
If you look at the moon
When I look at the moon
We're not far away
We're connected by the moon
Looking at the moon in the
Moonshine
