

Marilyn Manson, Track 99 (Secret Track)

Electronic voice : 'Go ahead and date a dead messiah, we can dig another grave'

Listen there is something that saved my name

If you aren't hearing this there is nothing I can do

Something was grown in my chest

And I've suffered and I've survived

I followed

It's been dormant for many years

I'm only trying to save you

But this is what you deserve

This is what we deserve

This is something your Lord got upon the cross

We did not offend none who were not offended

You are not a victim

And you are not an offender

We all have cut off our names

But I know a flow in my name

These are the dying years

These are the dying years

when you are suffering

Know that I have betrayed you
