Mark Knopfler, Got To Have Something

Well if you ain't got whiskey Don't tell me that you ain't got gin If you ain't got whiskey Don't tell me that you ain't got gin Well I got to have something Need to get my medicine

Well I can play your fish fry Play for change in town I can play your fish fry I can play for change in town Well I got to have something Keep me from going down

Well let me play you one thing Somebody must have just got paid Yeah, let me play you one thing Somebody must have just got paid Well I got to have something Even if I don't get laid

Yes, if you ain't got whiskey Don't tell me that you ain't got gin If you ain't got whiskey Don't tell me that you ain't got gin Well I got to have something Need to get my medicine Yeah, I got to have something Need to get my medicine
